**PRESS RELEASE**

FOR IMMEDIATE RELEASE

April 18, 2022

**ROADWAY PATCHING TO BEGIN ON VINE AVENUE (OLD 218)**

On Monday, April 25, 2022, weather dependent, Washington County will begin a maintenance crack sealing project on various sections of Vine Ave (Old 218) between G36 and south of Crawfordsville. This work is being done by Bargaen, Inc. out of Mountain Lake, MN and will rout & seal cracks in the road surface of Vine Avenue.

The work is expected to take about a week, weather permitting. Drivers are encouraged to use caution in the construction zone and pay attention to roadway signage and contractor employees for directions through the area. This maintenance can be extremely dusty and dirty work and we strongly encourage the public to keep their personal property at a strong distance away from the work zone. This will avoid any possible concerns for dust, debris or damage. Questions about the project can be directed to the County Engineer's Office at (319) 653-7731.
